

2.4 million Canadians will get Cancer over next 30 years

...National Post Oct.22/2005

Why take chances?

You have an 80% chance of suffering a critical illness.

*“Let me tell you how reality slaps you in the back of the head when you hear, **‘the tumor is malignant!’** Diseases don’t care who you are, how healthy you think you are or how rich you are.” P.G, President, MFD, ON (C.I.Survivor)*

FREE REPORT:

“Consumers’ 9 Most Costly Mistakes when Purchasing Critical Illness (C.I.) Insurance!”

*C.I. Insurance can save your family and /or business from financial ruin when **Cancer, Heart Attack, Stroke or two dozen other serious illnesses strike!** It pays You up to \$2 million, lump sum, tax-free, upon initial diagnosis.*
